

Director of Training

2 April 1953

Chief, Intelligence Training Division

Weekly Report

Submitted herewith is the report for the week ending 2 April 1953:

1. The program for the BIC (CS) for which this Division is assuming responsibility has been completed. A number of lectures covering the security organization of the Government and the principles and methods of intelligence will be given by the members of this staff. A series of area presentations and several talks on special subjects will be given by guest lecturers. I believe the program compares favorably with the corresponding parts of the BIC (I).

2. The five JOT's in the current course reported for assessment last Thursday and Friday.

3. The Reading Improvement Branch is currently conducting the following classes:
